Creating Emotional Awareness

“सरगम ज़िन्दगी की”, a program conceptualized by Shaveta N Dham caters to the under-privileged. The Program encompasses social and emotional learning. Children love to share their emotions through stories, discussion

etc. This unique program is close to Shaveta’s heart. She is working hard to spread social and emotional awareness in our education system. For more information, please call or email us.

Quick Glance- Edudham programs

TELL program covers various aspects of Indian culture. Our champs enjoyed watching videos on Indian culture and discussed a lot in the sessions about languages, food, dances, musical instruments, religions, monuments etc. The TELL program provides an opportunity to children to lead the classes without an instructor. This special day also called "MODEL DAY" - a continuous 3 hours activity by children, for children and of children. Our champs dis-

played models of Indian culture where parents came and interacted with them questioning them about the whole activity. Keep it up Champs!!!!!!!!!!!!!!

- Tell Me Why : Magazine
- Champak : Magazine
- Elephants Cannot Dance! By Mo Willems

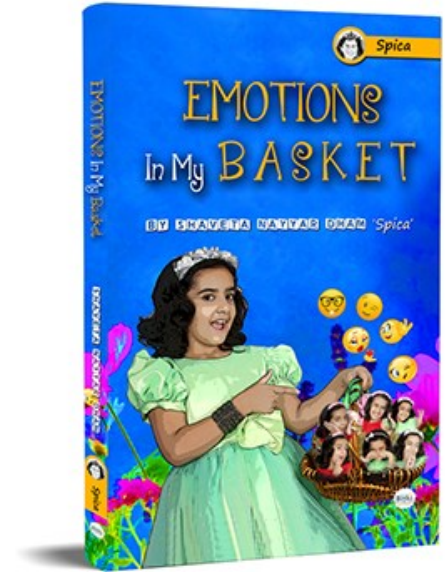

Watch These films

- Disney's A Christmas Carol
- Monsters Vs Aliens

"Emotions In My Basket"- A book for children (6-12 years)

Full of interesting stories and memorable characters, the book introduces emotions and their relevance in our lives. Shaveta Nayyar Dham 'Spica' has woven each emotion into a beautiful story and poetry. For the first time, Spica brings to you poems on emotions for children in this illustrated volume.

Spica makes a deliberate effort to make children understand emotions in a very meaningful manner. The stories like, "The Robot Racer", "Crows Follow Sammy", "The Writer's Bungalow" and others take you to a new world of reality and adventure. Spica's ideas and concepts come across nicely making this collection an exceptional and cohesive one.

Health & Fitness : Meaning of Gayatri Mantra

We often teach our children few prayers but it is also a good idea to explain them the meaning of the prayer. In Edudham classes we chant Gayatri Mantra while meditating.

"गायत्री मंत्र के पहले नौ शब्द प्रभु के गुणों की व्याख्या करते हैं

ॐ = प्रणव

भूर = मनुष्य को प्राण प्रदान करने वाला

भुवः = दुखों का नाश करने वाला

स्वः = सुख प्रदान करने वाला

तत = वह, सवितुर = सूर्य की भांति उज्ज्वल

वरेण्यं = सबसे उत्तम

भर्गो = कर्मों का उद्धार करने वाला

देवस्य = प्रभु

धीमहि = आत्म चिंतन के योग्य (ध्यान)

धियो = बुद्धि, यो = जो, नः = हमारी, प्रचोदयात् = हमें

शक्ति दें (प्रार्थना)

इस प्रकार से कहा जा

सकता है कि गायत्री मंत्र

में तीन पहलुओं का वर्णन है

- खोत, ध्यान और

प्रार्थना"

ॐ भूर्भुवः स्वः

तत्सवितुर्वरेण्यं

भर्गो देवस्यः धीमहि

धियो यो नः प्रचोदयात्

Zoo -Zoo Fun Zone: Champs favorites

Complete the Story....

One day Chota Bheem was sitting alone under the tree. Cinderella was also sitting alone in her palace.

(Complete the story with Champs favorite characters...)

Sneha like Chota Bheem

Navya & Prakar like Tom & Jerry

Arpita likes Cinderella's dress

Prerak thinks Dynot-hunder has power

Nipun likes Ben-Ten

Santosh likes powerrangers

PROGRAMS
CALL NOW.....

Edudham is a new organization dedicated to educating students in the age group (9-13) years about their country, social values, civic sense, cultural awareness, concept development and creativity.

Vision & Purpose: Edudham's purpose is to make our young children to be more aware and informed of their own country, world and make them well equipped and ready for real life experience through exposure to various environments and research and experimentation.

What are we? Edudham provides hands-on experience to help young children understand their own Country, Culture, Industry, Geography, History, Creativity etc and everything small and big that is important for children in their environment through detailed concepts and applications. We intend to stimulate a child's thinking through research, exploration, creativity and concept development. At Edudham, your child learns with concepts, with concepts, with conceptsonly! We believe in inculcating in child basic concepts, principles, values through various activities, value education etc. **TRUST US! COME WITH A FREE & OPEN MIND**

Parents : Bank of Thoughts

Edudham shares some feedback of parents till now . .

Dear Shaveta,

"Thanks for the mails. Prerak enjoyed the hands on activity in both the classes. I'm sure these classes will be very beneficial for the kids. Great concept...."

Warm Regards,
Chhavi- Parent

Dear Shaveta,

"I feel this program is touching upon various topics that we encounter in our day to day lives, which we otherwise would have just taken for granted and would not have given much focus to. It definitely helps kids(and of course parents too) to trigger their thought process. My daughter enjoys each session, though I have not been able to extract her exact feedback on

this program. Yesterday, when I told her that the session is coming to an end in the next 2-3 days, she was quite sad."

Tammy- Parent

TWO Tips For Parents

- Teach your child one prayer or 'shlok' in a week along with the meaning explained.
- Make an Activity Box- A Kid can take out a chit each day to do that activity. For example- watering plants, polishing shoes etc
